# Editorial

The Quarterly Securities Market Indicator is published by Securities Board of Nepal (SEBON) since its silver jubilee year 2016/17. The basic objective of this publication is to provide the detailed statistical information of Nepalese Securities Market along with the some key figures of Global Securities Market as well as the recent reforms and development initiatives and other activities carried out by SEBON to regulate and supervise the securities markets.

Various table and graph/charts have been presented to simplify the context so that general investor can understand the technical term of securities market. Further, editorial board is sincere for considerable and continuous effort to make this indicator more realistic, authentic, and useful by covering the overall part of Nepalese securities markets. Editorial board aims that it helps the general investors, students, researcher and lecturer of different universities and other stakeholders to analyze the context as per their need and requirements.

Editorial board appreciates other employees of SEBON who have involved and supported to make this publication better. Nepal Stock Exchange Ltd., CDS & Clearing Ltd. and other market participants are also the part of thanks. Any comments and suggestions on any of the features/sections of this indicator may be sent to [sebon.research@sebon.gov.np](mailto:sebon.research@sebon.gov.np). Editorial board assures that any valuable suggestions/feedbacks will be incorporated in next issue of this indicator. This publication is available to all stakeholder at free of cost and a readable version of this indicator is also available at [www.sebon.gov.np](http://www.sebon.gov.np).

Chart 9	Market Capitalisation and Percentage of Total Market Capitalisation	21

# EXPLANATORY NOTES

1. Because of the subsequent revision in data, difference with previously published figures may occur.
2. In some cases, figures are rounded off. Hence, totals may not tally with their component units.
3. The following months of the Gregorian Calendar year are the approximate equivalent to the months of the Nepalese Calendar Year:

<b>Gregorian Month</b>	<b>Nepalese Month</b>
Apr/May	Baisakh
May/Jun	Jestha
Jun/Jul	Ashadh
Jul/Aug	Shrawan
Aug/Sep	Bhadra
Sep/Oct	Ashwin
Oct/Nov	Kartik
Nov/Dec	Mangsir
Dec/Jan	Poush
Jan/Feb	Magh
Feb/Mar	Falgun
Mar/Apr	Chaitra

4. The Nepalese fiscal year generally begins on July 16 and ends on July 15.
5. A dash (–) indicates that figures are nil or negligible. The non-availability of data is indicated by dots (...). An oblique (/) indicates a Nepalese fiscal year (e.g., 2016/17) or a Nepalese month (July/August = Shrawan). A hyphen (-) used with a Gregorian Calendar month indicates the end of a Nepalese month (e.g., Mid-July = end of Ashad). Symbols used : "FY" for fiscal year, "Q1" for 1stQuarter, "Q2" for 2nd Quarter, "Q3" for 3rd Quarter and "Q4" for 4th Quarter.
6. H1 indicates the first half of Fiscal Year and H2 indicates the second half of Fiscal year.
